6. Constitutional Changes

James Vigus: I will move at the end of this that we move all of the proposed changes en bloc unless any issues are raised.

James Vigus: I will now briefly outline the proposed changes. First, we are proposing to change the term of Student Council to start on the 1st of December and finish on the 30th November so that it gives the new Student Council more time to fit in with the new year.

We already have a fantastic magazine; hopefully we will also soon have a radio station. We have added some extra structure of media under the constitution.

The other changes are to modify the name of "Ordinary Members" of Student Council to "General Members".

The other thing is to make sure that the elections have to be held over three consecutive days as the word "consecutive" is not currently in the Constitution.

Motion: Accept the proposed changes to the FUSA constitution.

Moved: James Vigus

Seconded: Grace Hill

Motion Carried.

7. African Student Association

Emmanuel: Thank you very much for the opportunity to speak here. I really appreciate the good work that you are doing since we began we are very happy with the Association. The African Students Association has become very organized due to the help of FUSA and very soon we will be able to have a number of events that we encourage all students to attend and join us.
